Unit 1. Task 1. Web Evolution

In pairs, look for some information about the web evolution, from its beginning to the present day (from Web 1.0 to Web 6.0). After, create and write a dialogue in English with that information. *Include a section in the paper with the* **bibliography** *that you used to create the document.* Later, upload it to the corresponding task in Moodle. Finally, you must record yourselves performing the dialogue, ensuring that the video lasts between 4 to 5 minutes. Make sure to include *subtitles* in the video. Once completed, send the video to the teacher via email.

Important: You cannot read from your paper, but you can use a little script during the presentation. The dialogue will be evaluated using the evaluation rubric available in Moodle.

Deadline: October 6th, 2023, until 11:55 p.m. (23:55h).
